

Meet Stem Ceiling

Stem Ceiling's innovative design gives you the option to discreetly low profile mount the device to a ceiling tile or tie it into the design of the room with chandelier mode. With 100 microphones and three array options (wide, medium, and narrow) and an audio fencing feature, Ceiling focuses on who's speaking and allows you to focus on your meeting all while keeping the technology out of sight. Need more coverage? Mix and match all Stem devices until your room's completely covered.

Features

- Dual mounting options: low profile mount with ceiling tile included or suspended in chandelier mode
- 100 microphone array
- Alexa enabled (coming soon)
- LED lights highlight voice direction indication
- 3 beam options: Wide, Medium, or Narrow
- Audio fencing feature
- Power over Ethernet (PoE+)
- Compatible with all your favorite video conferencing platforms
- Stem's deep learning in neural networks improve echo-canceling, de-reverb, and noise cancellation algorithms
- Dimensions: 21" x 1.75"

Mix and match all Stem devices for a customized audio solution.

Set up, control, and manage your ecosystems through your network.

Stem solutions are 100% compatible with your favorite conferencing platforms.
